

AFFIDAVIT

I the undersigned

LIZA-MARIE BOUWER

do hereby make oath and state as follows:

- I am an adult female residing at 9A Tenby Street, Westdene.
- I never really spoke to Bernadine Van Wyk alot in the beginning when I started here, we only started talking about June 2012, when she started telling me that there is so much fraud going on in this company.
- Bernadine started to tell me just before the people from SARS came here, that RBP will not see another month, as SARS is coming to investigate the company and that we are going to close down.
- She kept on telling me that there is someone from SARS phoning her to inform her on when they are planning to come in and start to investigate. Then one morning when I was sitting with her outside and she told me that they phoned her for Mr Bobroff and Darren's home Addresses and car Reg nr, as they are going to your houses when you are there.
- And then also one morning she had a very suspicious phone call and she just said her friend again asking if SARS is by us. She later told me that the person phoning her is Adv B Anderson, and he is going to help her to go to the CCMA, coz what's going on in this company is not right.
- I decided about 3 weeks ago that I no longer going to sit outside smoking with her as I don't want to be part of all that's going on.
- The last few weeks she also asked me to send her my CV as this place is going to be closed down and she wants to help me finding something before that. I did send my cv to her, but only started to realize this morning she was trying to get me out of here because I now know too much about who she has been talking to, and she was scared that I start talking to Mr Bobroff and tell him what she had been saying.
- She also replied to an sms on Thursday 20 September 2012 when I asked her what was going on, she just replied that she is not going to sit in jail with Mr Bobroff and Natascha.
- I'm only making this affidavit because I just think its fair for the directors to know what was going on.
- About 3weeks ago Bernadine said to me that Discovery offered her a job there but she must wait for all the SARS things to be over before they can employ her. And she said to me that she will help me to get a job there as soon as she starts to work there.

L.S. 

- She also said to me that she wants to resign as soon as all her husbands stuff is sorted out, but that Bradley Anderson keeps phoning her and told her not to resign, she said he said that she must stay and wait for Mr Bobroff to let her go, then they will go to the CCMA together.
